# AFTER-SCHOOL SUPERSTARS BOOK 1 NIXIE NESS: COOKING STAR

by Claudia Mills · illustrated by Grace Zong

## ABOUT THE BOOK

Best friends Nixie and Grace spend every afternoon together . . . until Nixie's mom gets a new job and Nixie must attend the after-school program without Grace.

Nixie begrudgingly starts the after-school program, joining the cooking camp. And it turns out that the other children at cooking camp are nice, and the recipes they make are delicious. But Nixie can't really enjoy being an after-school superstar until she finds a way to overcome her jealousy about Grace and her new friend Elyse's budding friendship.

## PRE-READING ACTIVITY

Nixie and Grace have always spent the afternoons doing fun things together. Now their circumstances have changed, and Nixie misses her friend. Ask readers to draw a picture that shows one activity they like to do with a friend. Then have them write a paragraph that describes the activity. Allow time for readers to share their illustration and paragraph with the group.

## GROUP DISCUSSION

- Define *friendship* from Nixie's point of view. How does Nixie's friendship with Grace change when other arrangements are made for after-school care? Why is Nixie so reluctant to accept the changes in her life?
- Explain how Grace is more open to enlarging her circle of friends. How do Grace and Elyse try to include Nixie? Explain how Nixie is so jealous of the friendship between Grace and Elyse that she doesn't allow herself to see their kind gesture. How does Nixie make her situation worse?
- Discuss Nixie's Get Your Best Friend Back Plan. Why does she keep making new plans? What goes wrong with each of her plans? Discuss obvious ways Nixie could get her friend back. Vera invites Nixie to her house. Why does Nixie think that accepting the invitation would be a betrayal of Grace? Discuss how making room for a new friend isn't a betrayal of an old friend. How has Grace known that from the beginning?
- Describe the kids on Nixie's cooking team. At the beginning of the class, Nixie won't allow herself to laugh and have fun with the team. At what point does she feel like a part of the team? Discuss the advice from Nixie's teammates about a way for her to regain her friendship with Grace. How does their suggestion work?
- Explain how Nixie becomes a cooking star. Who are her biggest fans? What does Nixie learn about friendship by the end of the novel?

## AFTER-SCHOOL SUPERSTARS BOOK 2

### VERA VANCE: COMIC BOOK STAR

by Claudia Mills · illustrated by Grace Zong

#### ABOUT THE BOOK

Third grader Vera Vance has signed up for the comics camp after-school program, but her mother would much rather she focus on academics, athletics, music . . . anything but comics! But Vera is determined to participate and starts developing her own comic with the encouragement of her enthusiastic friend Nixie and with instruction from teachers who are accomplished cartoonists themselves.

#### PRE-READING ACTIVITY

The After-School Superstars are attending a comic-book camp. They learn how to draw faces that show feelings. Ask readers to draw faces that show the following feelings: happy, sad, fear, anger, excitement, and surprise.

#### GROUP DISCUSSION

- Discuss Mrs. Vance's opinion of comic books. Why does Vera think that her mother wouldn't approve of Brian and Bee, the comic book teachers? Make a list of other things about comic book camp that Vera doesn't tell her mother. Explain how Vera learns to word things in a way that gets her mother's approval.
- On the first day of comic book class Vera has trouble drawing. Explain what Buzz-Bee means when she says, "It doesn't have to be perfect. It just has to be" (p. 19). How does Vera doubt her ability to create an exciting comic? Talk about whether trying to please her mother causes Vera to doubt her ability.
- Nixie wants to work with Vera in comic book camp, but Vera really wants to work alone. Why isn't Vera brave enough to tell Nixie that she wants to work alone? Discuss all the things that can go wrong when working with partners on an art project. What convinces Nixie that Vera should be creating her own comic?
- What is *constructive criticism*? Explain how a writer/artist should use constructive criticism to improve their work. James creates a comic about Boogie and Noland. Describe the criticism that he receives. Buzz-Bee says that there is a difference between *funny* and *mean*. Why is mean never funny? Explain how Brian and Buzz-Bee could change their instructions in the future to keep mean things from happening.
- One of Vera's fears is making her mother sad. Why does Vera's comic book bring tears to her mother's eyes? Debate whether they are sad tears. In one sentence, state Vera's *call to adventure*. How might she describe her *supreme ordeal*? Discuss how Vera and her mother have changed by the end of the novel.

## AFTER-SCHOOL SUPERSTARS Book 3

### LUCY LOPEZ: CODING STAR

by Claudia Mills · illustrated by Grace Zong

#### ABOUT THE BOOK

**Talented Lucy Lopez finds her passion when she joins an after-school coding camp, but can her older sister come to terms with their shared hobby?**

Third grader Lucy Lopez and her older sister, Elena, created the Let's Have Fun Club together to spend time with each other. But now Elena is spending most of her time coding on the computer and Lucy feels left out. She decides to join the after-school coding camp in the hopes that Elena will want to add it to their Let's Have Fun Club activities, and it can be something they can do together. But when Lucy proves to be a natural, Elena is not happy about her little sister copying her.

#### PRE-READING ACTIVITY

Lucy's coding camp instructors ask them to think like computers. They ask each person to explain something they are good at, step by step. In coding language, a list of steps is called an algorithm. Ask readers to complete the exercise that Lucy's class engaged in. Did they skip any important steps?

#### GROUP DISCUSSION

- Describe the club that Lucy and her sister Elena started. Who decides if a badge has been earned? Debate whether Elena becomes "boss" of the club since she is the older sister. In what ways has the club changed since Elena took a four-week after-school coding camp?
- Lucy talks her parents into letting her enroll in an after-school coding camp. Why has Elena never shown Lucy how to do things on the computer? Explain how Lucy thinks coding camp will improve her relationship with Elena. What is Elena's reaction when she learns that Lucy is going to coding camp? How does she try to talk Lucy out of going to the camp?
- Lucy's parents ask her what she has learned in coding camp. Explain why she says, "I didn't really learn anything. It was just, you know, an introduction kind of day" (p. 27). What might Lucy have said if Elena hadn't been present when her parents asked about coding camp?
- Which student is the best at coding? Who seems to be the most frustrated? How does the person's behavior in coding camp expand upon what you learned about them in previous books? How does Nolan help and encourage students like Lucy, Nixie, and Vera? Nolan compliments Lucy for getting the boat through the maze. Why is she concerned that she had too many steps in her code? Explain what Nolan means when he says, "There're always different ways to solve any problem" (p. 53).
- The last day of camp is a Coding Expo, where family and friends can see the coding the campers have done. Why is Lucy concerned that Elena won't come? Lucy's game for the expo is called Sisters. How does the game help Lucy and Elena make up?

# AFTER-SCHOOL SUPERSTARS BOOK 4

## BOOGIE BASS: SIGN LANGUAGE STAR

by Claudia Mills • illustrated by Grace Zong

### ABOUT THE BOOK

**Boogie Bass feels like he can't do anything right, but when he joins an after-school American Sign Language club, he turns out to be a natural!**

The After-School Superstars—Nixie Ness, Vera Vance, Nolan Nada, and Boogie Bass—are back in a new after-school adventure starring Boogie. He is clumsy and goofy, but now that he is at the American Sign Language camp at his school, he finds his hidden talent. He may not believe in himself, but the rest of his class does, especially when they visit a school for the Deaf and Boogie leads the way with his exuberant personality helping students to learn about each other and make new friends.

### PRE-READING ACTIVITY

Boogie and the Longwood after-school gang are attending a four-week sign language camp. They learn the American Sign Language (ASL) alphabet and how to finger spell simple words. They also learn to sign their feelings. Work with a partner and attempt to communicate happy, sad, scared, angry, and tired using only facial expressions and hand signs. How well did you do? As you read the novel, note the official way to sign these feelings.

### GROUP DISCUSSION

- Describe Boogie's family. Boogie leaves the door open to two-year-old Bing's room, and the family dog tears the head off Doggie-Dog, Bing's favorite toy. How do Boogie's mom and dad react to this incident? His mom says, "the oldest child is supposed to be the responsible one" (p. 8). How does this expectation cause Boogie to feel bad about some of his actions and decisions? Boogie enlists Nolan's help in replacing Doggie-Dog. How does this show responsibility? Why does Boogie think that Nolan is the best person to help him?
- Discuss Boogie and Nolan's friendship. Contrast their personalities. What does the phrase "opposites attract" mean? How might this phrase apply to Boogie and Nolan? Boogie feels lucky to have a friend like Nolan. Explain why he wonders whether Nolan feels lucky to have a friend like Boogie. How does Nolan encourage Boogie at sign language camp?
- The third grade sign language camp participants have two teachers. Peg can hear, and Sally is Deaf. What is the role of each teacher? Discuss the first lessons the gang learns about Deaf culture.
- At first, Boogie struggles with learning the sign language alphabet. When does he finally grasp this skill? How does this prove that practice matters? How is learning ASL like learning a foreign language?
- Boogie masters the ASL signs for feelings before he learns the alphabet. Draw a comparison between signing feelings and acting in a play. How does the gang react when Boogie is asked to sign feelings in front of all the after-school campers? Why is it so difficult for Boogie to see that he is doing something right?
- The Longwood after-school campers take a field trip to Laurent Clerc School for the Deaf and Hard-of-Hearing. How do Boogie, Nixie, Nolan, and Vera react when they first arrive at the school? Discuss how Boogie steps up and takes the lead. The Deaf kids laugh at Boogie's name. How does this type of humor make the Deaf kids like most kids their age?
- At the end of sign language camp, the Longwood gang invites the Deaf students to their school for a special program. Why does Boogie think that Nolan will be the emcee of the program? How does Vera explain why Boogie won the vote? Explain how Boogie's mother reacts when she sees him in this important role.
