About the Book

Now celebrating its 80th anniversary with a beautifully redesigned new edition featuring lots of extras, The Blind Colt is a timeless tale of survival and friendship. This classic volume now features an appreciation by Matt Myers, a piece from author Glen Rounds on his inspiration for the story, and facts and resources about wild mustangs today.

In the Badlands, where the ground is soft but the slopes are steep and the vegetation is scarce, it can be difficult for a wild horse to survive. Even more so if that horse is blind. But this young colt has his strong mare of a mother looking out for him, and his other senses help him smell the friendly prairie dogs, feel for rough terrain, and hear whenever wolves draw near—sometimes well before anyone else in his herd.

This model of children's literature in the tradition of The Black Stallion and Misty of Chincoteague comes from one of America's master storytellers. Glen Rounds grew up in the Dakota Badlands and drew from details of his own life on a ranch to depict one little colt's struggle to make it through the winter.

About the Creator

Glen Rounds (1906–2002) was born in a sod house in South Dakota and traveled by covered wagon to the Montana Badlands, where he lived on the kind of ranch depicted in The Blind Colt. As a young man, Rounds studied at the Art Students League in New York City, becoming friends with Jackson Pollock, with whom he spent a summer traveling the countryside. Later, with his gift for storytelling, Rounds published his first book, Ol’ Paul, a collection of tall tales influenced by the stories of Paul Bunyan. Rounds continued to write and draw for sixty years, even learning to draw left-handed when arthritis crippled his right arm. Some of his best known books are Cowboys, Three Billy Goats Gruff, and Sod Houses on the Great Plains.
