

# Celebrating 10 Years!

## I Like to Read®

**I Like to Read®** books, created by renowned and beloved artists as well as talented newcomers, instill confidence and the joy of reading in new readers. These innovative and award-winning picture books have been evaluated and assigned Guided Reading Levels A through G based on the Fountas and Pinnell system. Each book features short text, familiar vocabulary, repetition to reinforce learning, and illustrations that are designed to be a part of the learning experience.

We want to hear every new reader say, “**I like to read!**”

### PRAISE FOR THE SERIES

“These books deftly combine text and art to create a positive experience for new readers.”

—*School Library Journal*

“Each one makes the hard work of learning to read enough fun to encourage children at this crucial developmental moment to try another one. . . . They elevate the utilitarian format into the realm of literature.”

—Vicky Smith, Children’s and YA Editor at *Kirkus Reviews*

“The tradition of high-quality books created for beginning readers first presented 10 years ago by Holiday House in the I Like to Read® list is continuing today. From the limited vocabulary to illustrations that help beginning readers decode unfamiliar words, Holiday House has created a series that creatively supports beginning readers.”

—Carole Fiore, ALSC Past President, Chair of 2012 Theodor Seuss Geisel Committee, and Youth Services Consultant at State Library and Archives of Florida (Retired)

“Over the past 10 years, Holiday House’s I Like to Read® series has provided our youngest readers with creative and imaginative ‘just right’ books. Now, even more young readers who enjoy a comic format as found in the new I Like to Read® Comics series, or who find a home in the ¡Me gusta leer!™ Spanish translations of titles such as *I See a Cat/Veo Un Gato*, will discover books with accessible vocabulary and engaging story lines.”

—Sandra Imdieke, Chair of 2018 Theodor Seuss Geisel Committee, Professor of Children’s Literature at Northern Michigan University
