Ellie Makes Her Move

Book 1

ABOUT THE BOOK

A magical spyglass reveals secrets that will bring four girls together in this new series.

Twelve-year-old Ellie is ordinary. Absolutely, positively ordinary. Then her dad's latest community project makes their whole ritzy town, including all of Ellie's friends, turn against them. Tired of being ostracized, Ellie's family moves to the other side of the state to live in a rickety 100-year-old house complete with a turret—and Ellie swears off friendship forever.

Why does she think that she can trust Alyssa with this information? Discuss Alyssa's reaction. Debate whether this reaction surprises Ellie. At what point does Ellie learn that Alyssa also has trust issues?

Why does Ellie think they should wait a while before they tell Rachel about the telescope? What does Alyssa do to spoil Ellie's plan? Explain Rachel's reaction when she hears about the magical telescope.

Rachel Takes the Lead Book 2

ABOUT THE BOOK

There's nothing four best friends with a magical spyglass can't handle . . . well, except maybe a lost dog, a school election, and overprotective parents.

Book two of the Spyglass Sisterhood finds Ellie, Rachel, Kiara, and Alyssa back for another adventure. When the spyglass reveals an image of Rachel walking a dog, she knows it's pure fantasy. Her overprotective moms would never let her walk a dog alone, much less own one! To the dismay of her Spyglass Sisters, Rachel would rather avoid the whole thing altogether. However, she can't avoid it for long when a lost dog follows her home.

DISCUSSION QUESTIONS

- Describe Rachel's family. How are her two moms overprotective? Explain how this embarrasses Rachel and causes her grief at school. What gives Rachel the courage to talk with her moms about her need for independence?
- Ellie Marks finds a telescope in the turret of her house. How does she discover the magical powers of the telescope? At what point do Ellie and her friends begin thinking of the telescope as a spyglass? Discuss the things they spy. Cite evidence that in addition to showing the future, the telescope also reveals feelings.
- At first, it's Ellie and Alyssa that are friends. How do Rachel and Kiara become part of the group? The girls call themselves the Spyglass Sisterhood. What is a sisterhood? What do the girls have in common? How are they different? Explain what they are seeking.
- Rachel thinks that she knows her friends better than they know her. What does this reveal about Rachel? She says that she doesn't really know herself. At what point in the novel does Rachel gain confidence and gain a sense of self?
- Paige Nakamura is the most popular girl at East Lakeside Middle School. How is she also a "mean" girl? What is the difference between a "mean girl" and a bully? In what ways does Paige influence many of the seventh grade girls? Debate why they are so willing to follow her.
- Rachel is in Ms. Gonzalez's English class. A discussion about the meaning of "lie of omission" takes place after a classmate gives a report on *The Lion, the Witch and the Wardrobe*. Cite evidence that Rachel struggles with lying by omission. There is also a literary reference to *Animal Farm*. Contrast Paige with Napoleon from Orwell's novel.
- Rachel and her friends are looking through the spyglass and see Rachel walking a dog. That day, Rachel walks home and spots the dog. How does she explain the dog to her parents? Discuss how Rachel's entire family embraces the dog. How does she discover that the dog belongs to Paige? What happens when she returns the dog?
- The seventh grade is electing a new representative to a student/faculty advisory committee. Rachel is shocked to learn that Kiara nominated her. Explain why Kira thinks that Rachel is qualified for the job. Why does Rachel want to drop out of the race? At what point does she change her mind?
- Describe David. Why do the guys think he is "weird and strange"? What is Rachel's opinion of David? Explain what David admires about Rachel. David drops out of the race for seventh grade representative and throws his support to Rachel. Why did he enter the race in the first place? Contrast Rachel's campaign speech with Paige's. The Spyglass Sisterhood sees Paige crying through the telescope. How does this foreshadow the election results?

When a fellow classmate starts to get bullied online, Kiara is determined not only to find the perpetrator(s), but also to bring them to justice.
