## WHAT ARE ENDANGERED SPECIES?

Endangered species are animals in danger of going extinct due to factors including exploitation, pollution, vulnerable habitats, and climate change.

# MATCH THE ENDANGERED SPECIES

Connect each of the endangered species on the left to their names on the right by drawing a line!

**Whooping Crane**

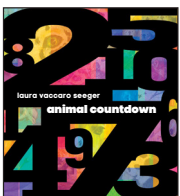

**Panda Bear**

**Sea Turtle**

**Sea Otter**

**Giraffe**

**Snow Leopard**

# ANIMAL ENVIRONMENT MATCHING!

Match the endangered species with their habitats by drawing a line from the animal picture on the left to the habitat picture on the right. Need help? Check the back pages of *Animal Countdown* to learn more about these animals!

Sea Otter

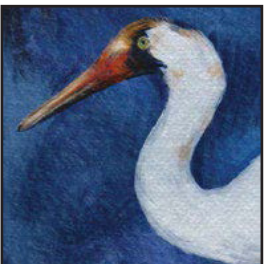

Elephant

Snow Leopard

Whooping Crane

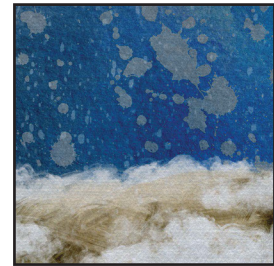

Gorilla

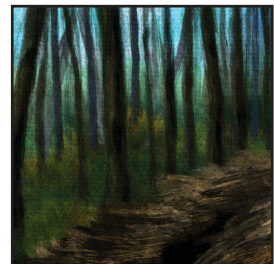

North American Wetlands

North Pacific Ocean

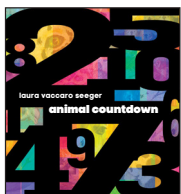

Mountains in Asia

Rainforest in Africa

Savanna in Africa
