# Two feathered friends are Frog and Toad for the emoji generation in this delightful graphic novel series for emerging readers.

**Owl** likes peace and quiet.

**Penguin** likes to SING OUT LOUD.

But best friends don't need to be the same. Sometimes it's good to disagree! Owl and Penguin celebrate their differences and solve their problems with creative play. From ice cream mishaps to rainy day chills, there's nothing these pals can't get through together.

### Praise for the series:

"A wonderful example of how a comics format can work well for even the earliest readers." — *The Horn Book*

"Owl and Penguin make a breezy foray into the tradition of supportive picture book friendships. . . . Madan's brightly colored illustrations of the boggle-eyed buddies add to the goofy fun for tenuous young readers." — *School Library Journal*

"Reminiscent of the strong bond between Arnold Lobel's Frog and Toad, Owl and Penguin's friendship is deep and delightful, and this easy reader makes the story comprehensible as it addresses themes of envy, sadness, and problem-solving in an accessible and entertaining way."

— *Kirkus Reviews*

# Kite Craft

Follow this craft activity to create your own kite, just like Penguin!

## Materials:

- 8.5 x 11-inch cardstock paper
- Wooden skewer
- Kite string
- Ribbon
- Scissors
- Hole punch
- Tape

## Instructions:

1. Fold your piece of paper in half so that it's 8.5 x 5.5 inches.
2. Mark a point at the top of the paper about one inch away from the fold. Mark a point at the bottom of the paper about one inch from the open side. Draw a line connecting these two points.
3. Fold the top corner of the paper down, along the line.
4. Flip the paper over and fold the other side down to match the previous fold.
5. Flip the paper back over to the previous side from step 3. Tape along the middle seam.
6. Lay a skewer across the kite at the widest points toward the top, and tape it in place. If the skewer is longer than the paper, have an adult cut the skewer down to size with the scissors.
7. Flip the kite over and straighten the "spine." Mark a spot about one-third of the way down the spine, and about a half-inch from the edge. Put tape over this mark to reinforce it on both sides.
8. Using the hole punch or scissors, make a hole in this spot. Tie your kite string through the hole. Make sure you use a good knot!
9. Tape a length of ribbon to the back of the kite (the same side as the skewer), at the bottom corner.
10. Let it fly!
