## MEET THE LUNA SISTERS!

The Luna Sisters live together on the moon and they're very different.

**Nera** is an engineer and loves machines. She lives on the Dark Side.

**Lucy** is an artist and loves being creative. She lives on the Bright Side.

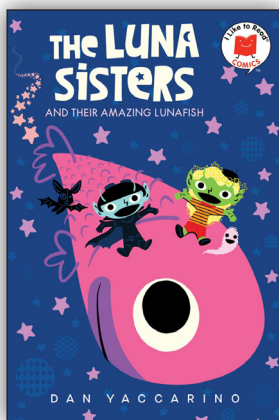

## ABOUT THE CREATOR

**Dan Yaccarino** is an author-illustrator who has been named on the Texas Bluebonnet list for *The Fantastic Undersea Life of Jacques Cousteau*, *Kirkus Reviews* Best Children's Book list for *All the Way to America*, *The New York Times* 10 Best Illustrated Children's Books list, and the Bologna Ragazzi Honorable Mention list for *Every Friday*.

## THE LUNA SISTERS BOOKS

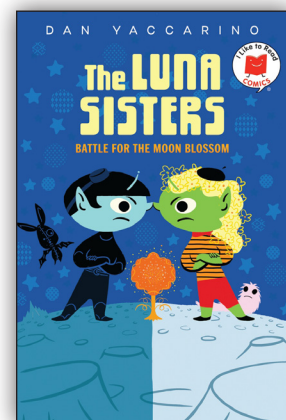

The sisters never share anything, until they get a new pet for their birthday—Moona the Lunafish. The girls set aside their differences to take care of their pet.

But when a strange man comes to the moon, Nera sells Moona to the Aquarius Aquarium without a thought. It is only when Nera arrives at the aquarium does she realize her mistake! But is it too late? Can Lucy help her sister rescue their beloved Moona?

Lucy and Nera spot a beautiful Moon Blossom growing right in between the Dark and Bright Sides of the Moon. There's only one problem: they both want it!

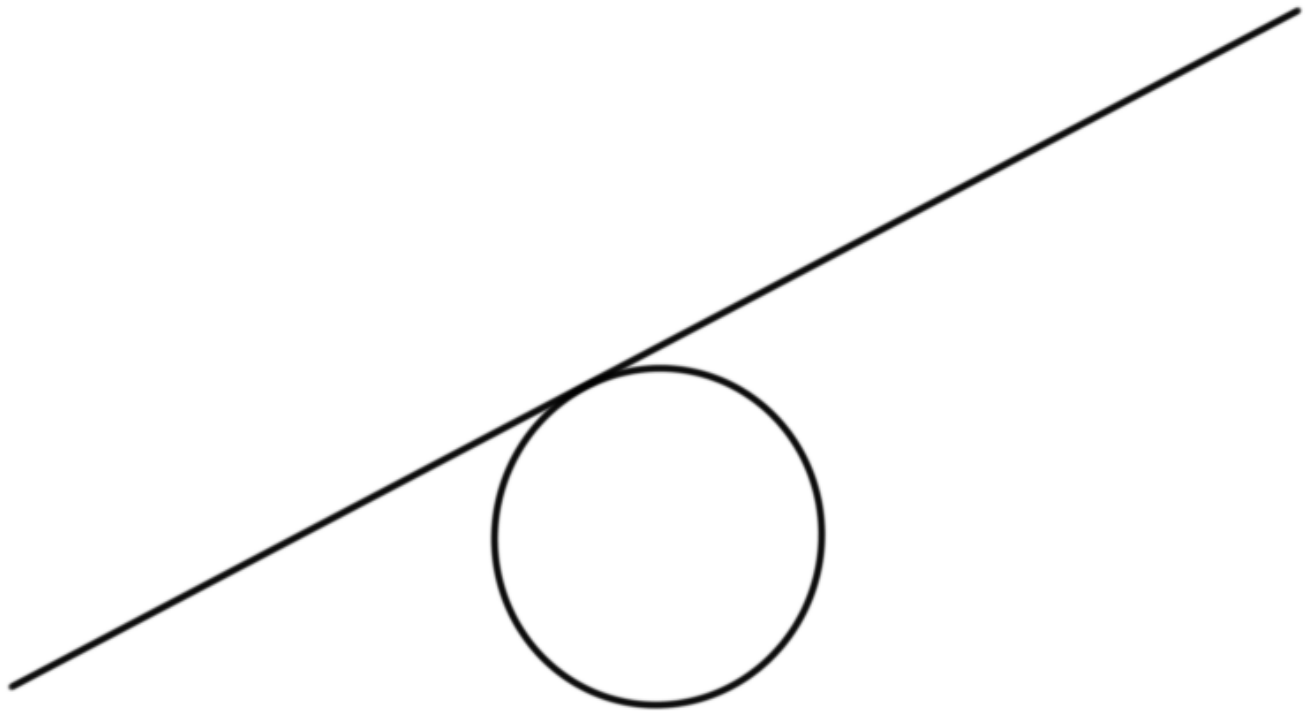

Lucy releases her flippity flappy butterflies, a thunderstorm, and her polka dotted elephant. And Nera counters with a grabby claw and a robotic tarantula. But while they're squabbling, a Galactic Green Goat is about to gobble up their Moon Flower. Can the bickering sisters come together to outwit the goat and rescue their blossom?

# A SIMPLE LEVER PROJECT

Get creative with this fun lever activity! Build a lever using a ruler and paper roll, decorate it, and add objects to lift or balance. Experiment with the fulcrum to explore how it affects weight and balance.

Create, play, and showcase your masterpiece!

# THE LUNA SISTERS AND THEIR AMAZING LUNAFISH!

Let students bring in clear containers in different sizes and use them as fish tanks and rocks as fish, then paint their rocks (fish) with colorful patterns. Discuss how fish of different sizes need different tank sizes, then experiment by placing the fish in tanks and recording the results!

# THE LUNA SISTERS AND THE BATTLE FOR THE MOON BLOSSOM!

Have students outline and cut out their favorite animal, then discuss how animals camouflage to blend into their environments. Let them pick a classroom setting, use its colors and patterns to camouflage their animal, and place it in its new habitat!
